

Questionnaire:

Incentives for whole blood and plasma donation across Europe

Thank you very much for taking the time to answer this short survey regarding the incentives provided to blood and plasma donors in your country. In the case that a question does not apply to your organization (such as those regarding other blood operators in your country), we would appreciate it if you could answer the question to the best of your knowledge. If you have any questions, please feel free to contact us 

We are specifically interested in *high-value* donor **incentives** (i.e., high-value rewards used to motivate blood or plasma donation, not including small gifts or tokens, such as mugs, pins, medals or towels). Examples for *high-value* donor **incentives** are the following:

- Cash payment,
- tax relief,
- vouchers/gift cards/lottery tickets,
- time off from work

For each contributor please list:

Name:

Institution:

Address:

Telephone Number:

Email address:

This survey was adapted from the Vox Sanguinis International Forum on Donor Incentives (2020).

Question 1: Is there a **unified national policy** regarding donor **incentives** for blood donation?

YES.

Please describe the following:

1) Do **whole blood** donors receive incentives? What type of incentive and approximately (range) how high is its financial value?

Your response here...

2) Do **plasma** donors receive incentives? What type of incentive and approximately (range) how high is its financial value?

Your response here...

NO.

Please describe the following:

1) Which policy do you follow for donor incentives (**whole blood**)? What type of incentive and approximately (range) how high is its financial value?

Your response here...

2) Which policy do you follow for donor incentives (**plasma**)? What type of incentive and approximately (range) how high is its financial value?

Your response here...

3) Are there other blood operators in your country/jurisdiction that use different incentives than you for **whole blood** donors?

If yes: What are the names of these blood operators? What type of incentive do they provide and approximately (range) how high is its financial value?

Your response here...

4) Are there other blood operators in your country/jurisdiction that use different incentives than you for **plasma** donors?

If yes: What are the names of these blood operators? What type of incentive do they provide and approximately (range) how high is its financial value?

Your response here...

Question 2: Are there **commercial plasma collectors** in your jurisdiction? If known, do plasma donors here receive incentives? What type of incentive and approximately (range) how high is its financial value?

Your response here...
